EMPOWERING PERFORMANCE. DELIVERING EXCELLENCE.

WHO WE ARE

MR Dynamic Solution is a multidisciplinary consulting, training and operational support company dedicated to enhancing performance, compliance and capability development across the **Aerospace, Aviation, Automotive and Industrial** sectors.

We deliver practical, industry-focused solutions designed to improve **safety, operational efficiency, quality performance and workforce** competencies through internationally aligned methodologies and hands-on expertise.

Working alongside international partners and industry professionals, we support organizations in building **stronger operations, developing sustainable capabilities and achieving measurable results** through training, consulting and professional support services.

SAFETY
Our priority in everything we do.

QUALITY
Committed to the highest standards and excellence.

PERFORMANCE
Delivering measurable results and continuous improvement.

PARTNERSHIP
Building long-term relationships based on trust and value.

WHO WE SERVE

AVIATION & AEROSPACE ORGANIZATIONS

- Airlines
- Airports
- Ground Handling Providers
- Civil Aviation Authorities
- MRO & Aerospace Suppliers
- Training Organizations

INDUSTRIAL & AUTOMOTIVE SECTORS

- Manufacturing Companies
- Automotive Industry
- Production & Maintenance Teams
- Quality & Compliance Departments
- Industrial Operations Teams

EDUCATIONAL & PROFESSIONAL INSTITUTIONS

- Training Centers
- Technical Institutes
- Universities & Academies
- Professional Development Organizations

PROFESSIONALS & OPERATIONAL TEAMS

- Managers & Supervisors
- Operational Personnel
- Safety & Quality Teams
- Trainers & Instructors
- Technical & Engineering Staff

PARTNERS & STAKEHOLDERS

- Government Entities
- International Organizations
- Industry Partners
- Strategic Alliances

OUR SOLUTIONS (MR DYNAMIC SOLUTION)

01

TRAINING SOLUTIONS

Industry-focused training to develop skills, knowledge and professional competencies.

- ICAO & Aviation Training
- Aerospace Quality & Compliance
- Industrial & Automotive Training
- Safety & Human Factors
- Leadership & Management
- Technical & Operational Skills

02

CONSULTING & OPERATIONAL SUPPORT

Practical solutions to optimize processes, improve performance and ensure operational excellence.

- Operational Process Review
- SOP & Documentation Support
- KPI & Performance Monitoring
- Root Cause Analysis
- Organizational Coordination
- Continuous Improvement

03

EVENTS & PROFESSIONAL ENGAGEMENT

Knowledge-sharing and awareness activities that promote collaboration and professional growth.

- Conferences & Seminars
- Workshops & Awareness Programs
- Technical Forums
- Networking Activities
- Simulation & Demonstrations

04

PRODUCTS & SIMULATION SOLUTIONS

Tools, simulators and learning resources that enhance training effectiveness and operational readiness.

- Training Manuals & Materials
- Simulation Tools & Mockups
- Aircraft Cabin Mockups
- Digital Training Resources
- OJT Coordination Support

INTERNATIONAL EXPERTISE

Global experience across multiple industries.

100+ TRAINING PROGRAMS

Comprehensive and up-to-date training solutions.

STRONG PARTNERSHIPS

Collaboration with global organizations and experts.

MEASURABLE RESULTS

Driving performance, efficiency and excellence.

COMMITTED TO EXCELLENCE

Your success is our mission.

AVIATION TRAINING SOLUTIONS

ICAO-compliant training programs delivered through our **TRAINAIR PLUS** partner to enhance skills, ensure safety and support global aviation excellence.

Accident Investigation And Prevention

- Aircraft Accident / Incident Investigation
- Air Traffic Management (ATM) Incident and Accident Investigation

Safety Management

- Safety Management System (SMS)
- Advanced Safety Management System (SMS)
- State Safety Program (SSP)
- Resolution of Safety Issues (RSI)
- Aviation Root Cause Analysis (RCA)
- Safety Performance Indicators Course
- SMS Inspector Competencies
- Universal Safety Oversight Audit Program (USOAP)
- Safety Oversight for Managers
- Human Factor in Safety
- Aviation Quality Management System
- Aerodrome Auditing
- Aviation Safety Risk Management
- Fatigue Risk Management
- Integrated Safety Management System (ISMS)
- Safety Assessment of Foreign Aircraft
- Training (SAFA)
- Air Traffic Safety Electronics Personnel (ATSEP)
- Dangerous Goods Regulations
- Advanced Dangerous Goods
- Safety Management Implementation Road Map

MR DYNAMIC SOLUTION
PERFORMANCE BEYOND STANDARDS

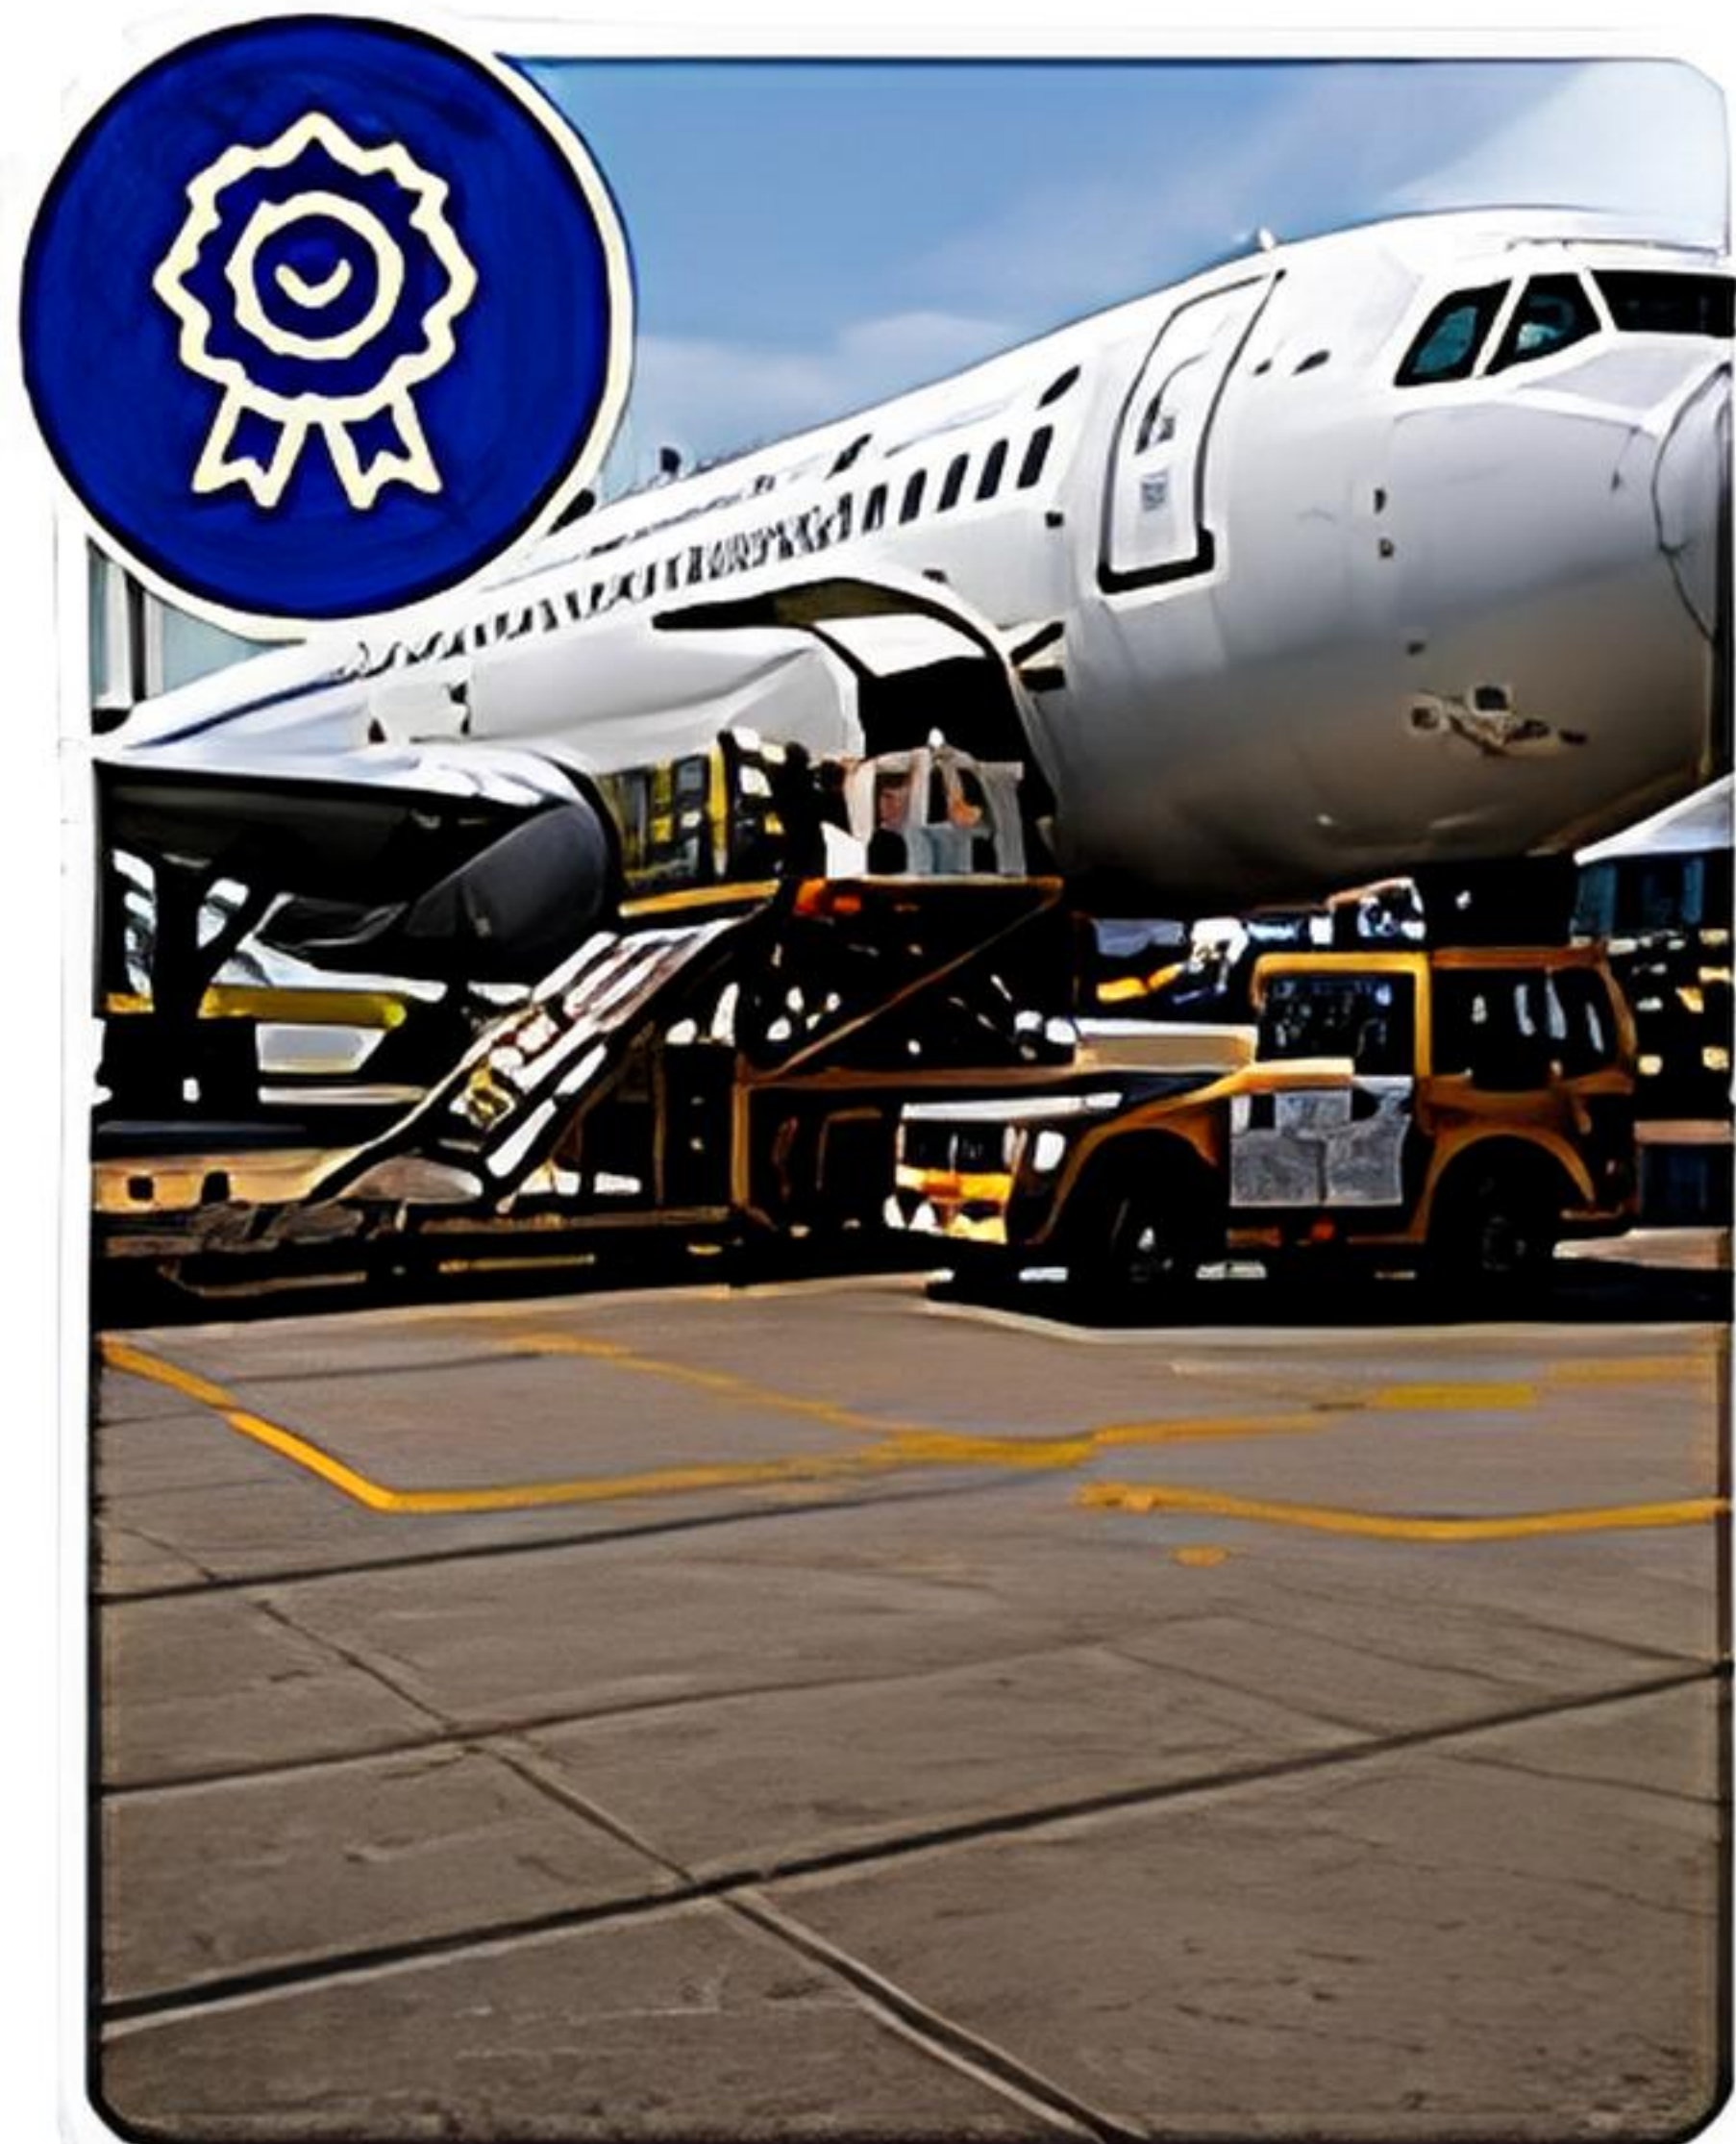

GROUND HANDLING PROVIDERS TRAINING

SAFE. EFFICIENT. ON TIME.

Our Ground Handling Providers Training programs are designed to build operational excellence, ensure safety, and improve service quality across all airport operations. We help teams perform to the highest standards in a dynamic and demanding environment.

OUR GROUND HANDLING TRAINING PROGRAMS

1. OPERATIONAL EXCELLENCE

- Aircraft Turnaround Excellence
- IROPS Management
- Operational Communication Excellence
- Baggage Operations Excellence
- Ground Damage Prevention
- SOP & Operational Documentation

2. SAFETY & RISK AWARENESS

- Human Factors
- Safety Culture
- Ramp Risk Awareness
- Fatigue Management
- DG Awareness
- Security Awareness
- LAR Awareness

3. PASSENGER & SERVICE EXCELLENCE

- PRM/PMR Handling
- Passenger Service Excellence
- Complaint Handling
- Special Handling

4. CARGO OPERATIONS

- ULD/AKE Awareness
- Pallet Build-Up
- Cargo Handling
- Weight & Balance Awareness

5. LEADERSHIP

- Ramp Supervisor Development
- Decision-Making Under Pressure

AEROSPACE TRAINING SOLUTIONS

**ENGINEERING EXCELLENCE.
QUALITY. SAFETY. INNOVATION.**

Our Aerospace Training Solutions are designed to build technical expertise, strengthen quality and manufacturing excellence, and support innovation across the aerospace value chain. We empower professionals to deliver reliable, safe and high-quality products worldwide.

OUR AEROSPACE TRAINING DOMAINS

1. AEROSPACE QUALITY & COMPLIANCE

- ISO19011
- ISO 9001
- EN9100
- EN9102
- APQP
- AMDEC
- FAI/DVI
- AS9100 Internal Auditor
- Root Cause Analysis (8D / Ishikawa / 5 Why)
- Non-Conformance Management
- Configuration Management
- Quality Escape Prevention
- Supplier Quality Management
- Aerospace Documentation Control

2. AEROSPACE MANUFACTURING & INDUSTRIALIZATION

- Lean Manufacturing for Aerospace
- Industrial Performance Management
- Production Planning & Control
- Aerospace Production Flow
- Special Processes Awareness
- Industrialization of Aerospace Products
- Introduction to Composite Materials
- Aerospace Assembly Fundamentals
- Torque & Fastening Awareness
- Wiring & EWIS Awareness

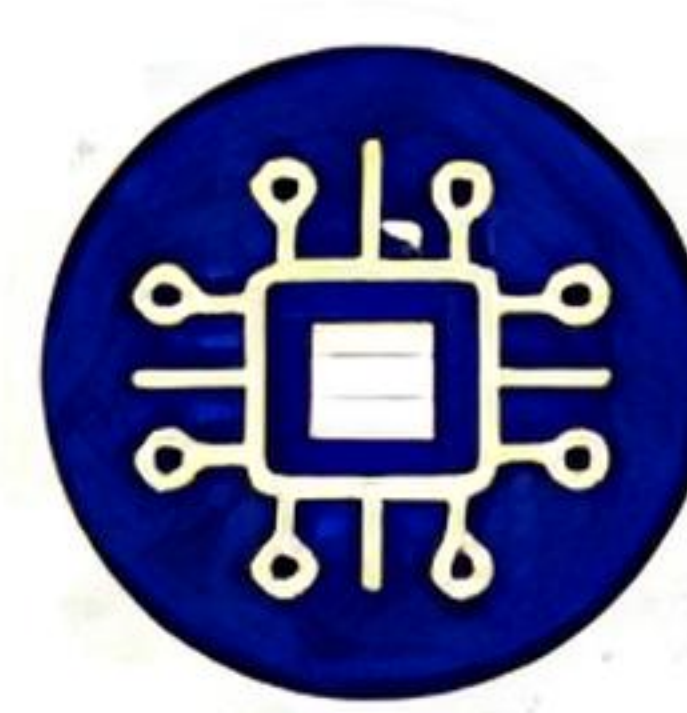

3. MAINTENANCE, RELIABILITY & MRO

- Reliability & Maintainability
- MSG-3 Fundamentals
- Maintenance Planning
- Technical Records Management
- Troubleshooting Methodology
- Tool Control & FOD Prevention
- Line Maintenance Awareness

4. SAFETY & HUMAN FACTORS FOR INDUSTRY

- SMS for Industry
 - Initiation to SMS
 - Operational SMS
 - SMS Implementation
- HF & Risk management

5. EMERGING AEROSPACE TECHNOLOGIES

- Introduction to UAV Systems
- AI Applications in Aerospace
- Digital Transformation in Aviation Industry
- Predictive Maintenance
- Industry 4.0 for Aerospace
- Cybersecurity for Aerospace Systems
- Smart Manufacturing
- Digital Twin Fundamentals

**MR DYNAMIC
SOLUTION**

PERFORMANCE BEYOND STANDARDS

INDUSTRY & AUTOMOTIVE TRAINING SOLUTIONS

PERFORMANCE. PRODUCTIVITY. EXCELLENCE.

Our Industry & Automotive Training Solutions empower organizations to achieve operational excellence, improve product quality, drive innovation, and build a skilled, adaptive workforce ready for the future of manufacturing and smart industry.

OUR CORE TRAINING DOMAINS

1. QUALITY & COMPLIANCE

- ISO 9001
- IATF 16949 Awareness
- ISO 19011 Internal Auditing
- Quality Management Systems
- Supplier Quality Management
- Non-Conformance Management
- CAPA Management
- Documentation & Records Control
- Process Standardization
- Quality Escape Prevention
- Customer Complaint Management
- Industrial Quality Assurance

2. MANUFACTURING & INDUSTRIAL OPERATIONS

- Lean Manufacturing
- Production Planning & Control
- Shop Floor Management
- Production Flow Optimization
- Operational Efficiency
- Industrialization Processes
- Workplace Organization (5S)
- Waste Reduction Techniques
- Visual Management Systems
- Assembly Line Fundamentals
- Industrial Process Optimization
- Manufacturing Best Practices

3. MAINTENANCE & RELIABILITY

- Preventive Maintenance Fundamentals
- Predictive Maintenance Awareness
- Reliability & Maintainability
- Maintenance Planning
- Industrial Asset Management
- Troubleshooting Methodology
- Technical Documentation Management
- Equipment Performance Monitoring
- Maintenance Best Practices
- Industrial Maintenance Safety
- CMMS Awareness

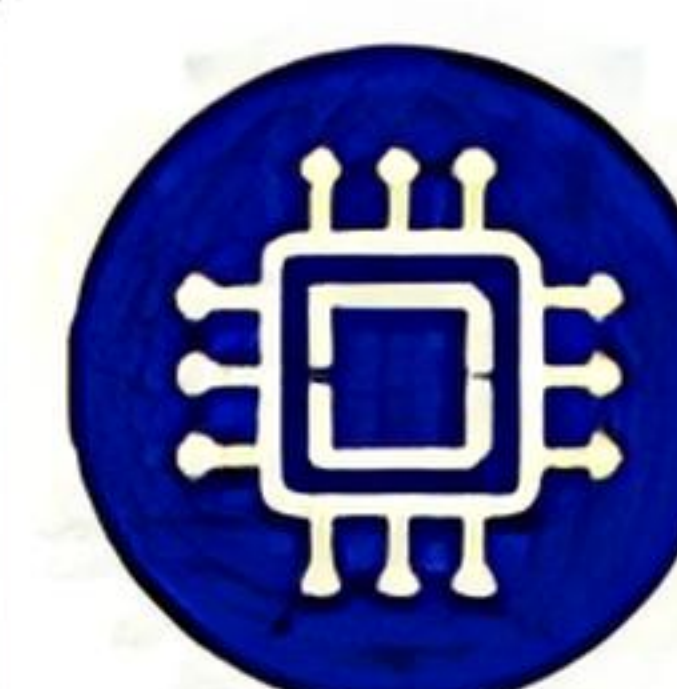

4. SUPPLY CHAIN & LOGISTICS

- Supply Chain Fundamentals
- Inventory Management
- Logistics Operations
- Warehouse Operations
- Procurement Fundamentals
- Traceability Systems
- Spare Parts Management
- Supplier Coordination
- Packaging & Handling Awareness
- Logistics Performance Indicators
- Operational Logistics Planning

5. INDUSTRY SAFETY & RISK AWARENESS

- Workplace Safety Awareness
- Industrial Risk Awareness
- Operational Safety Fundamentals
- Incident Reporting Best Practices
- Fatigue Awareness
- Human Error Prevention
- Emergency Response Awareness

6. DIGITAL TRANSFORMATION & INDUSTRY 4.0

- Industry 4.0 Fundamentals
- Smart Manufacturing
- AI Applications in Industry
- Digital Transformation Strategies
- Predictive Analytics Awareness
- Industrial Cybersecurity Awareness
- Automation Fundamentals
- Digital Twin Fundamentals
- Data-Driven Decision Making
- Industrial Innovation Awareness

OPERATIONAL EXCELLENCE & HUMAN PERFORMANCE

PERFORMANCE. PRODUCTIVITY. EXCELLENCE.

Our Operational Excellence & Human Performance Training Solutions empower organizations to enhance safety, improve performance, strengthen teamwork, and build a resilient culture of excellence.

OUR CORE TRAINING DOMAINS

1. HUMAN FACTORS & HUMAN PERFORMANCE

- Industrial Human Factors
- Just Culture in Industry
- Shift Handover Best Practices
- Industrial Communication

2. RISK & SAFETY CULTURE

- Operational Risk Assessment
- Hazard Identification
- BowTie Risk Analysis
- Safety Investigation Techniques
- Industrial Safety Leadership

3. OPERATIONAL EXCELLENCE

- Continuous Improvement
- Problem Solving Techniques
- KPI Management
- Lean Problem Solving
- Operational Performance Monitoring
- Decision-Making Under Pressure

4. PROJECT & PERFORMANCE MANAGEMENT

- Project Management Fundamentals
- Operational Project Management
- Project Planning & Coordination
- Project Risk Management
- Project Performance Monitoring
- Resource & Time Management
- Stakeholder Communication
- Project Documentation & Reporting
- Team Coordination in Projects
- Problem Solving in Project Environments
- Change Management Fundamentals
- Agile & Collaborative Work Methods

**MR DYNAMIC
SOLUTION**

PERFORMANCE BEYOND STANDARDS

CONSULTING & SUPPORT SERVICES

EXPERTISE. STRATEGY. RESULTS.

MR Dynamic Solution provides operational, pedagogical and organizational support services designed to help organizations improve training environments, operational workflows and performance practices through practical and structured solutions.

OUR CONSULTING EXPERTISE

TRAINING & PEDAGOGICAL SUPPORT

- Training Program Development
- Course Material Development
- Instructional Design Support
- Competency-Based Training Support
- Assessment & Examination Preparation
- Practical Exercise & Scenario Design
- Training Standardization Support
- Learning Path Structuring
- Training Documentation Preparation
- Training Presentation Development

OPERATIONAL & PERFORMANCE SUPPORT

- Operational Process Review
- Operational Manuals / SOPs Development Support
- Workflow Optimization Support
- KPI Monitoring Support
- Operational Communication Improvement
- Team Coordination Best Practices
- Operational Readiness Support
- Problem-Solving Workshops
- Continuous Improvement Support
- Human Factors Awareness Integration

QUALITY & INDUSTRIAL SUPPORT

- Quality Documentation Support
- EN9100 Awareness Support
- APQP Awareness Workshops
- Root Cause Analysis Facilitation
- Non-Conformance Analysis Support
- Industrial Process Mapping
- Production Workflow Support
- Industrial Performance Awareness
- Lean Awareness Workshops
- Operational Efficiency Support

PROJECT & ORGANIZATIONAL SUPPORT

- Project Coordination Support
- Planning & Follow-Up Support
- Team Communication Support
- Project Documentation Assistance
- Operational Reporting Support
- Task Tracking & Coordination
- Organizational Planning Assistance
- Meeting & Workshop Facilitation
- Action Plan Structuring

DOCUMENTATION & DIGITAL SUPPORT

- Technical Documentation Structuring
- Digital Training Material Preparation
- Operational Templates Development
- Training Visual Support Material
- Process Flow Visualization
- Documentation Formatting & Harmonization
- Presentation & Reporting Support

OUR COMMITMENT TO YOUR SUCCESS

We deliver practical solutions that enhance performance, build capabilities, ensure compliance, and drive sustainable growth.

- ✓ Tailored Solutions
- ✓ Experienced Consultants
- ✓ Proven Methodologies
- ✓ Measurable Results

MR DYNAMIC SOLUTION

PERFORMANCE BEYOND STANDARDS

EVENTS & WORKSHOPS

LEARNING. ENGAGEMENT. COLLABORATION.

MR Dynamic Solution supports professional, educational and awareness activities designed to promote practical learning, collaboration and professional engagement through workshops, seminars and interactive activities.

Professional Seminars

Organizing professional seminars that bring industry experts together to share knowledge, insights and best practices.

Workshops & Awareness Activities

Delivering interactive workshops and awareness activities focused on practical topics, skills development and professional growth.

Educational Activities

Supporting educational activities that encourage continuous learning, innovation and skill enhancement.

Public Initiation Programs

Conducting public initiation programs to introduce new audiences to key concepts, industries and career opportunities.

Practical Learning Sessions

Facilitating practical learning sessions that provide hands-on experience and real-world application of knowledge.

Safety & Awareness Events

Organizing safety and awareness events to promote a culture of prevention, responsibility and operational excellence.

Teamwork & Communication Activities

Implementing teamwork and communication activities that strengthen collaboration, trust and performance.

Simulation & Demonstration Activities

Designing simulation and demonstration activities to illustrate processes, systems and operational scenarios.

Professional Networking Activities

Creating networking opportunities that connect professionals, organizations and industry stakeholders.

BUILDING CONNECTIONS, CREATING IMPACT

We organize and facilitate meaningful events and workshops that inspire learning, strengthen collaboration and drive professional excellence.

✔ Engaging Formats

✔ Industry Collaboration

✔ Practical Knowledge

✔ Lasting Impact

PERFORMANCE BEYOND STANDARDS

WHY CHOOSE US

We combine aviation and industrial expertise, operational insight and international partnerships to deliver innovative solutions that build competence, ensure safety and drive performance.

AEROSPACE & INDUSTRIAL EXPERTISE

Deep understanding of aviation and industrial environments, operations and safety requirements.

INTERNATIONAL PARTNERSHIP APPROACH

Strategic partnerships with global entities to deliver world-class solutions.

CUSTOMIZED SOLUTIONS

Every solution is tailored to meet specific client needs, objectives and operational context.

COMPLIANCE-ORIENTED VISION

Strong focus on international standards, regulatory requirements and best practices.

PRACTICAL & OPERATIONAL APPROACH

Solutions designed for real operational environments with measurable impact on performance and safety.

TRAINING + CONSULTING + PRODUCTS

Integrated support covering training, consulting, documentation and equipment for operational excellence.
